1 Courses enrolled this term

Courses the learner was enrolled in on CoursedUp, grouped by term. **Weeks with a reflection** counts the course weeks in which the learner submitted a one-sentence summary or a muddiest point.

Code	Course	Instructor	Weeks w/ reflection

2 Weekly reflection map

Each cell is one published course week. A cell is filled when the learner submitted a reflection that week: teal = one-sentence summary, amber = muddiest point, both colours = both. Empty cells are weeks without a submission — silence on the platform, not absence from class. Weeks in which the course published no post are left blank.

3 Activities recorded in the learner's course weeks

On CoursedUp each weekly course post carries the activities the instructor used that week, chosen from the platform's activity catalogue (Basic / Advanced / Innovative is the catalogue's own classification of the activity; T / E / A marks its role as teaching, engagement or assessment). The table lists **learning activities**: things the learner does, makes, discusses, analyses or presents, or meets outside experts and real settings through. Course documents such as the syllabus, lecture formats, platform tools, grading arrangements and standard exams or quizzes are part of the course record too, but are not listed. **Count** is the number of the learner's 80 course weeks in which the instructor recorded that activity. Attendance is not recorded by the platform.

5 Micro-credential pathways named in the course syllabi

Course syllabi on CoursedUp name the micro-credential pathways their weekly topics are aligned with. The table reproduces those declarations for the learner's courses and shows, for the aligned weeks, how many carry a reflection by the learner. No credential is awarded or verified by this record; whether a pathway leads to a credential is decided by the awarding body, not by the platform.

17 distinct pathways named across 5 courses · the 16 with the most aligned weeks are shown

6 The learner's reflections

Everything in this section was written by the learner on the platform and is quoted verbatim. Across the record period the learner submitted 54 one-sentence summaries, 42 muddiest points and 1 post comments, and marked 54 weekly posts as liked. Selection rule: for each course, the longest summary and the longest muddiest point (earliest week on a tie). Length is a transparent proxy for elaboration, not a quality judgement.

BUS202 · Macroeconomics Spring 2026–27

Summary · W12 · Public Debt and Fiscal Sustainability

"Sustained fiscal deficits increase the national debt, which eventually forces firms to plan for higher taxes or potential interest rate spikes as crowding out intensifies."

Muddiest point · W12 · Public Debt and Fiscal Sustainability

"Tracing the exact point where debt-to-GDP ratios become unsustainable is difficult for me, as I lack a clear heuristic for when markets lose confidence in government solvency."

BUS204 · Business Communication Spring 2026–27

Summary · W8 · Midterm Exam & Business Communication Ethics

"Ethics in communication functions as the essential safety mechanism that prevents short-term persuasive gains from damaging long-term reputation."

Muddiest point · W4 · Crafting Professional Emails and Memos

"My struggle is distinguishing when a memo requires a formal tone versus a direct style because I am unsure how much corporate hierarchy dictates that choice."

BUS302 · Marketing Management Spring 2026–27

Summary · W10 · Distribution Channels & Supply Chain Management in Marketing

"Channel selection and supply chain efficiency directly constrain the customer experience, effectively acting as a silent partner in the brand promise."

Muddiest point · W3 · Consumer Behavior: Understanding the Modern Consumer

"The specific threshold where social media influence overrides traditional psychological motivations in a purchase decision feels too abstract for me to pin down."

BUS304 · Organizational Behavior Spring 2026–27

Summary · W3 · Individual Behavior: Perception, Attribution & Decision Making

"Cognitive biases like the fundamental attribution error explain why managers often blame individual character instead of looking at situational constraints."

Muddiest point · W12 · Organizational Culture

"The step where espoused values transform into actual daily behavior is still unclear to me, especially when management's actions contradict their stated culture."

BUS306 · Human Resource Management Spring 2026–27

Summary · W14 · HR Ethics, Corporate Social Responsibility & Sustainability

"Ethical HR leadership requires moving beyond mere regulatory compliance to proactively managing labor impacts throughout the entire organizational supply chain."

Muddiest point · W16 · Final Exam

"The exact threshold where a firm shifts from purely administrative employee management to a fully integrated strategic HR approach is still blurry to me."

About this record

What it is. A summary of this learner's activity on the CoursedUp platform, generated automatically on 13 Oct 2026 from a platform data snapshot dated 13 Oct 2026. Every number is a count over platform records; every quotation is the learner's own text, unedited. No generative AI was used to produce any part of it, and no person reviewed it.

What it is not. It is not a transcript, a diploma supplement or a certificate. It contains no grades or credits, and it does not verify, certify or attest that any skill, competency or credential was attained. Sections 4 and 5 reproduce what course syllabi declare about the *design* of the courses; they say nothing about the learner's mastery. Section 3 reproduces the activities instructors recorded for their weekly posts; attendance is not tracked.

Definitions. *Weeks with a reflection*: course weeks in which the learner submitted a one-sentence summary or a muddiest point (62 of 80); comments and likes are not counted. *Reflections*: the learner's one-sentence summaries and muddiest points added together. *Learning activities*: catalogue activities in which the learner does, makes, discusses, analyses or presents something, or meets outside experts and real settings; course documents, lecture formats, platform tools, grading arrangements and standard exams or quizzes are excluded, by one classification of the platform's activity catalogue applied identically to every record. *Distinct*: counted once however many courses declare it, after normalising spelling (case, hyphens, "&"); no synonyms are merged.

Questions. About the content of a course: its instructor. About this record or the underlying data: CoursedUp support. The learner can request the full list of their submissions at any time.
